# INVISI-GARD

At the heart of every Invisi-Gard security screen and security door is our high tensile 316 marine grade stainless steel mesh. The grade 316 mesh used in Invisi-Gard sets the world standard in terms of its quality, precision and longevity.

Invisi-Gard security doors and screens are without question the best investment for your family's safety. They are also the best investment for the look and value of your home.

## PRODUCT RANGE

With a range of products for varying applications and environments, Invisi-Gard's reputation as a quality brand reassures home and business owners that their property is protected by a dependable product, backed up by its 15 year warranty.
