

## Shower Screens Factsheet

# Semi-Frameless Sliding Shower Screens

Frameless sliding glass doors combine with a slimline perimeter frame to create a premium design at an affordable price. Available in Corner Entry, Front, and Front & Return configurations.

### Correct Measurement

To achieve a great finished product it is imperative that your Shower Screen be measured correctly. We take particular care with:

**Height** - we generally aim to "tie in" the height with a tile grout line, or door/window frame.

**Plumb/Levels** - how far out are your wall & floor tiles? If they vary by more than 2mm we manufacture your Shower Screen "out of square"

**Door Size/Position** - are there any obstacles to the door when opened, e.g. taps, towel rails, doors, etc.

### Product Features and Benefits

- Dual frameless sliding doors allow "corner entry" - restricted access caused by the proximity of the toilet, vanity, etc. is no longer a problem.
- Front only and Front & Return Panel, configurations are also available.
- Sliding doors are frameless - 6mm Grade A Toughened Safety Glass.
- Full length magnetic door seals used on the Corner Entry configuration.
- Dual roller carriages (top & bottom) ensure smooth door operation.
- Designer Chrome Plated D Handle(s) - D Handle to outside, finger pull to inside.
- "Easy Clean".
- Perimeter frame colours include Bright Silver ("Chrome"), White, Matt Natural, Almond Cream. Trims generally Chrome Plated only.

### Frequently Asked Questions

#### How long will it take to install?

It takes between 1 and 2 weeks to manufacture and install your "custom made" Shower Screen.

#### What does it Cost?

A Corner Entry Semi frameless Sliding Shower Screen costs approximately \$1280 incl. GST.

#### What About Cleaning?

Frameless glass combined with the slimline design makes it easy to clean. All glass requires regular cleaning.

#### Water Loss Potential?
